

BAT_Arc10_Install_Instructions

- 1) Unzip the BAT_v2.zip to the root c:\ drive so it creates a folder c:\BAT with all its sub-folders. Don't unzip it into any other location for example c:\temp\BAT!
- 2) Start Arcmap 10.1 or later version
- 3) Go to Customize > Add-In Manager
- 4) Click on Options Tab
- 5) Click Add Folder and navigate to the folder C:\BAT\Bin
- 6) Click Close
- 7) Go to Customize > Toolbars > Barrier Analysis Toolbar and you can start using the tool.
